FAREWELL

THERE ARE SOME MEN . . .

SANFORD L. FISHER

The graduating class and I are in the same situation. We have come to the end of this part of our lives. From this point you will take a different route and I, too, must go on in another direction to something new. It is not my habit to look back in nostalgia, but it would show a lack of human feeling and perhaps a deficiency in judgment if at these crossroads, one did not pause for a casting up of accounts.

I have been the President of Fisher Junior College for . . . years. In that time, by the united efforts of many dedicated people, the College has changed greatly and for the better. My aim in all those years has been the same: to make life richer and more productive for young women like you. My working philosophy was a continuation of what I was brought up by my father, the Founder of this College, to live by. He believed that every day, every hour, life requires choices. If the life I live is to be an effective one, I must choose good sense as opposed to foolishness; I must eschew ignorance and make myself learn; I must conquer laziness and make an effort, I must be a man of good will to men.

To make a good choice is generally to choose the hard thing. You are not the first to face a hard world. What you can win from it would have no value if it were easy. My situation as I retire from a lifetime of work at the college requires me to take a firm grip on my courage. I recommend this stance to you.

. . . WHO SHOULD HAVE MOUNTAINS TO BEAR
THEIR NAMES TO TIME.

I NAME THIS MOUNTAIN AFTER HIM.

FACULTY, ADMINISTRATION VS. STUDENTS

SPECIAL EVENTS

JOHN F. KENNEDY

This country is moving and it must not stop. It cannot stop. For this is a time for courage and a time of challenge. Neither conformity nor complacency will do. Neither the fanatics nor the fainthearted are needed.

So let us not be petty when our cause is so great. Let us not quarrel amongst ourselves when our nation's future is at stake. Let us stand together with renewed confidence in our cause—united in our heritage of the past and our hopes for the future—and determined that this land we love shall lead all mankind into new frontiers of peace and abundance.

(To have been delivered at Austin, Texas, Nov. 22, 1963)

MARTIN LUTHER KING JR.

Nonviolence is the answer to the crucial political and moral questions of our time: the need for men to overcome oppression and violence without resorting to oppression and violence.

Man must evolve for all human conflict a method which rejects revenge, aggression and retaliation. The foundation of such a method is love.

(Speech accepting Nobel Peace Prize, Dec. 11, 1964)

ROBERT F. KENNEDY

FRESHMEN COME

Seniors and Freshmen are united at an all-day outing at the Cliff Hotel in Scituate. Arriving at the beach, the day's festivities included a scavenger hunt, clambake, and being thrown into the ocean.

As part of the initiation, the girls had to wear for one week 4 pig-tails in their hair, a sign designating what kind of "Fish" they were and, of course, the Fisher beanie. That evening after returning from an exhausting day, the girls attended a mixer becoming full pledged freshman by the end of the evening.

Thanks to all who attended to make the day a success.

ALMA MATER HYMN

Hail to you, our Alma Mater
Let our voices join in praise
To the school whose inspiration
Will direct us all our days.
As we stand before life's portal
You have given us a key
To unlock the great world before us;
And to you we'll loyal be.

When the moment comes for parting
And we bid these halls good-bye
We will take with us forever
Thoughts of you that never die.
Alma Mater, as we leave you
We hold bright in memory
Giving fame to the name of Fisher
In our hearts you'll always be.
